

WAR TALK IN HALLS OF CONGRESS

Congressman Prefers War to Submitting to Dictation by Japanese

NEW RECORD SET MOVING HOUSES WHEN SIX-ROOM STRUCTURE WITH FURNISHINGS HAULED 35 MILES

The moving of houses from Goldfield to Tonopah has become such a common occurrence that it no longer attracts attention but one came in late Saturday afternoon that drew as big a crowd as a circus parade. For some months there has been a regular procession of one, two, three and even four room cottages coming over the hill behind lousy teams and husky drivers, but no one ever saw a six room house completely furnished, with bathroom and plumbing, porches attached and everything ready for occupancy until this time.

The house was a veritable behemoth that tickled the local palate craving excitement about the same as though the advance chariot of Barnum had been in sight. It happened about time for change of shift at 3:30 when the streets and trails leading from the mines were crowded with the spectators. The outfit rolled into town careening and toasting like a ship under full sail breathing stormy waters. Fourteen horses were the motive power and, perched on the top was John Dell, lineman of the Power company, to protect overhead construction. The Goldfield bunch is used to this moving business and the men in charge showed their ability by the ease and facility with which they handled the bulky load.

At the corner of Everett street it was necessary to make a turn up toward the Catholic church and bet were freely made that the outfit would never bridge the troublesome spot. Everett street between Main and St. Patrick is not an ideal piece

of road as it is stony and one side stands about two feet higher than the other. These facts were apparent to the movers but they never hesitated. They had tackled worse jobs before. The string of fourteen horses were swung around into the front street, a log was placed in front of one of the rear wheels, a hydraulic jack was picked up from the trailing wagon and inserted under the pony truck forward. A hoist, a heave and the wagon was ready for action. The horses were started, the front swung around, the house reeled until the gunwales scraped the road surface and everybody was confident the building would be wrecked almost at the termination of the journey. Not so, for the turn was successfully negotiated, the horses threw themselves into their collars and went off on a trot up hill. Another turn had to be made on St. Patrick street and then was tossed off with the same business like air. One block more the third and last turn had to be made into Bryan avenue but this was easy compared with the two previous curves owing to the width and evenness of Bryan avenue.

The three turns were executed in less than forty-five minutes and the house deposited at its future site. The cost of removing the house from Goldfield is stated to have been \$700 and the time consumed in traversing the 35 miles was three days. The entire cost was less than the value of the lumber in the house which cost at the time of its erection in the gold camp something in the vicinity of \$2500.

POPULATION OF TONOPAH SHOWS HUGE INCREASE

THREE NEW ARRIVALS ARE REPORTED WITH MALE SEX PREDOMINATING.

The productive ability of Tonopah continues up to the record, and during the last few days a new mark has been set. Not only are the mines producing readily, but the population of this camp continues to grow and at the present rate the camp can soon boast of having at least 10,000 people within its confines. Three new arrivals have been registered since Saturday and Dame Rumor has it that the present total will be greatly augmented before another month passes by.

George Johns, engineer at the Montana, was rejoicing Saturday night over the arrival of a baby girl at his home. Mother and daughter are reported as progressing favorably by Dr. McLeod who was in attendance and the customary prediction of hope was entertained for the father.

This morning W. M. Keyman of the Tonopah Extension mill force became the proud daddy of a baby boy. Dr. McLeod, who was also in attendance, declares the mother and child are resting comfortably this afternoon.

James Doherty, employed at the Montana, and a pioneer resident of Tonopah, is the chestiest member of the trio of new fathers. Today a son and heir arrived in his family. The new arrival weighed 12 pounds, which accounts for the chesty appearance of the father. Dr. Cunningham reports mother and son as progressing, and hope is still entertained that the father will recover. This makes the fourth arrival in the Doherty household, all being a Tonopah product.

PLEAD NOT GUILTY TO VIOLATING WHITE SLAVE LAW

(By Associated Press) SAN FRANCISCO, April 28.—Maurice I. Dicks and Drew Caminetti pleaded not guilty when arraigned here today on the charge of violating the Mann white slave act. Next week the cases will be set for trial.

HIGH GRADER GIVEN SENTENCE OF TEN DAYS

ADMITS THEFT OF ORE FROM JIM BUTLER AND IS GIVEN LIGHT SENTENCE.

Ten days in the county jail was the sentence meted out to William Chlativich Saturday by Justice of the Peace Dunseath, following the entering of a plea of guilty to the charge of high grading.

Chlativich and a companion were arrested Friday night by Deputy Sheriff W. J. Wilson and a small quantity of high grade ore was found in the possession of the former who is employed at the Jim Butler. He took the officer and Superintendent W. J. Pike to his home where an additional supply of the ore was found, the amount totaling about 50 pounds.

The Jim Butler officials have been suspicious for the past several months that high grade ore was being carried from the mine and a close watch has been maintained. The result of the surveillance was the arrest of Chlativich and his subsequent conviction for a term of ten days.

MAY PURCHASE LOWER CALIFORNIA FROM MEXICANS

AMERICANS SYNDICATE PLEDGE TWENTY-FIVE MILLIONS FOR LAND.

(By Associated Press) SAN DIEGO, April 28.—Twenty-five million dollars has been pledged by a syndicate of American capitalists to purchase from the Mexican government, Lower California, according to a statement here today by W. J. McGimpsey, owner of extensive properties at Punta Banda, across the bay from Ensenada. He says a short deal was consummated and the annexation by the United States was agitated immediately afterward. He declined to name the capitalists.

MIDLAND TRAIL IS BOOSTED BY TWO BOND ISSUES

NYE AND ESMERALDA COUNTIES WILL AID SECURING ROUTE FOR THE SOUTH.

For the purpose of clinching the Midland trail through southern Nevada the commissioners of Nye and Esmeralda counties are making preparations to issue bonds the proceeds to be used in repairing the roads in all sections. The Esmeralda board has already adopted a resolution favoring a bond issue to the extent of \$10,000 and the members of the Nye county board look with favor upon a like movement.

Friday Commissioners O'Keefe and Cable of Esmeralda visited Tonopah. They were accompanied by L. G. Patrick and E. P. Collins, and a lengthy consultation was held here with R. H. Davis, chairman of the local board. Davis expressed himself as favorable to the project and it is probable that action will be taken at the coming session of the commissioners. Davis declared that no great sum would be needed to repair the Nye county roads as all thoroughfares in this county were now in excellent condition. However, the money would be used, not only on the main line route adopted as a portion of the Midland trail, but in building up all the roads in the county. The bond issue might be for a sum not exceeding \$10,000 and whatever portion was not used could be placed in the sinking fund for the redemption of the bonds.

The resolution adopted by the Esmeralda commissioners reads as follows: "Whereas, The legislature of the state of Nevada, at its session of 1913, passed an act 'to provide for the establishment of a uniform system of road government and administration in each of the several counties of the state; and

"Whereas, Said act was duly signed by the governor of the state; and

"Whereas, Said act authorizes the board of county commissioners of each county to issue bonds or levy tax for the purpose of creating a county road and bridge fund; and

"Whereas, The board of county commissioners of the county of Esmeralda, state of Nevada, at a regular meeting held at Goldfield, Esmeralda county, Nevada, on the 8th day of April, 1913, have presented to them for consideration the above mentioned act, and now having considered the same believe that it is to the best interest of the state and counties that the provisions of said act should be complied with and that bonds to the amount of ten thousand (\$10,000) dollars should be authorized by the county of Esmeralda, state of Nevada; and

"Whereas, We believe that the appropriation of the said amount to the 'road and bridge fund' of Esmeralda county, will bring the 'Midland trail' within our county which will be of great benefit to our people; therefore, be it

"Resolved, That we, acting as the board of county commissioners of the county of Esmeralda, state of Nevada, favor the issuance of road and bridge bonds; and be it further

"Resolved, That we will do all we can as said board of county commissioners and as individuals to have said bonds issued and to carry out the provisions of said act."

NOTICE TO TRIAL JURORS

All trial jurors who were subpoenaed to appear in the district court on Monday, April 28, are hereby notified not to appear as said jury has been discharged.

ROBERT G. POHL, Clerk of Court.

If it's of exceptional value at the price, it's sure to be advertised in the Bonanza, else the merchant would be hopelessly unprogressive.

RHYOLITE IS AGAIN SHOWING SIGNS ACTIVITY

NICK KIRCHEN DECLARES LEASES WILL BE LET ON MONTGOMERY SHOSHONE.

"Rhyolite today is looking better than it has for several years," was the announcement made this morning by Nick Kirchen, who has been identified with the southern district for the past six years. Mr. Kirchen is connected with the famous Montgomery-Shoshone company and his visit to Tonopah was for the purpose of consulting with his brother, John G. Kirchen, who is the general manager of the Montgomery-Shoshone.

Leases will soon be awarded upon the Montgomery-Shoshone ground and a number of applications for blocks of ground have been received by the company officials. It is the intention to grant as many leases as there are applications and important developments are expected to result.

Mr. Kirchen declared that plans were now under way for the consolidation of the Gold Bullfrog and Original Bullfrog companies, and should the merger be effected developments will be started at once. Capitalists from San Francisco have been active lately in looking over the ground in the vicinity of the west extension of the Original Bullfrog and the result of the inspection will deal largely with the success of the contemplated merger.

At the Keane Wonder operations are progressing successfully and a large force is employed. Activity is to be noticed throughout the district, while the operations of the Carrara Marble company at the new camp of Carrara are largely responsible for the influx of capital.

Mr. Kirchen will return to Rhyolite tomorrow morning.

HUERTA AND DIAZ FACTIONS ARE DIVIDED

SITUATION IN MEXICO CITY IS SERIOUS ACCORDING TO OFFICIAL DISPATCHES.

(By Associated Press) WASHINGTON, April 28.—Worry was caused the state department today on the receipt of official advices of friction between Huerta and the Diaz factions in Mexico City which is increasing in seriousness. Virtually all the government forces are divided into two camps.

Insurgents Execute Federals. EL PASO, April 28.—Refugees arriving here from Santa Rosalia district say the insurgents executed all the officers of the federal garrison at Santa Rosalia and that the bodies remained in the street for twenty-four hours. Eight hundred men, women and children are reported to have fled.

INCENDIARY BLAZE IS HANDLED BY DEPARTMENT

Fire of an incendiary origin summoned the department to a frame building on Central street, between Brougher and Bryant avenues shortly before 11 o'clock last night. Prompt work by the fire fighters extinguished the flames before adjacent buildings were injured. The damaged building was partially wrecked by the fire of last July and the damage was slight.

When the department arrived on the scene the odor of coal oil was easily discernable and the manner in which the flames were leaping into the air proved that oil had been used to assist in the destruction of the building. The structure was owned by C. E. Miller of Berkeley.

Attention, Masons.

Short funeral service will be held this (Monday) evening at Masonic hall, over the remains of our late brother, Dr. E. A. Brunson of Los Angeles. All brothers are requested to be present.

R. H. BURDICK, Sec'y.

TONOPAH SCENES TO BE SHOWN TOMORROW AT BUTLER

MOVING PICTURES OF THIS CAMP COMPLETED AND READY FOR THE SCREEN.

Five reels of moving pictures, with a total length of 5000 feet, showing the mines and scenes of Tonopah, will be displayed upon the screen at the Butler theater tomorrow and Wednesday. The films have been developed in San Francisco and the photography is exceptionally clear in every little detail. This is especially so in the scenes showing the underground workings of the various local mines. These scenes show the manner of extracting the ore and the various methods in which it is treated before the metal product is extracted and the silver bars are ready for shipment.

In addition to the mining scenes, a drama runs throughout the length of the films. Desert scenes are brought out in this drama and the photography is of such character that the pictures, without the acting are a work of art.

The price of admission will be 50 cents, with children at 25 cents. Ambrose Murphy, who has financed the project has declared that it is necessary to make this charge for admission, as the proceeds will be used in developing extra sets of films, and the more sets printed, the more advertising Tonopah will receive. Numerous applications have been received for state rights to the pictures and it is the intention of Murphy to have a set of reels in nearly every state in the union. He will reserve several states for himself, but the balance will be awarded to agents who will superintend the showing of the films in practically every show house in the United States.

MILLIONAIRE BIXBY GOES BEFORE THE GRAND JURY

(By Associated Press) LOS ANGELES, April 28.—George Bixby, the millionaire accused in connection with the white slavery of more than 40 girls, and who has been missing, appeared today and went before the grand jury.

TEMPERATURE REPORT.

Highest temperature yesterday, 70; a year ago, 55.
Lowest temperature last night, 43; a year ago, 42.

LENA HAMILTON, COLORED, SHOT SATURDAY BY JEALOUS RIVAL IN LOVE AFFAIR, SUCCUMBS SUNDAY

Lena Hamilton, colored, who was shot and fatally wounded Saturday morning by Lizzie Woodfolk, also colored, died at the Miners hospital yesterday morning at 2 o'clock. The woman suffered great pain throughout Saturday and Sunday night, and although she recovered consciousness after undergoing an operation during which the two bullets were removed from her body, she was unable to make a clear statement of the facts that led up to the shooting, or give any additional details to those already in possession of the officers.

She was questioned at length Saturday afternoon by Sheriff Malley and District Attorney Sanders and asserted that she had been shot down without warning.

Lizzie Woodfolk, who was arrested immediately after the shooting, is confined in the county jail where she will be held. A charge of murder will be placed against her. She will be given a preliminary hearing in the justice court this afternoon and following the action of the court, Dis-

trict Attorney Sanders will follow out the intent of the new law and file a complaint upon information and belief, thus eliminating the expense of having the grand jury consider the case.

The Hamilton woman has a sister in Texas who has been notified of her death. The sister wired the authorities last evening she would leave at once for Tonopah and no arrangements for the funeral will be made until her arrival.

The shooting Saturday occurred near the depot and as the Hamilton woman was walking to the station with two companions, preparatory to taking her departure. Jealousy prompted the action and Billy Woods, colored, who is declared to be the cause of the affair has been subpoenaed by the state to remain in Tonopah and appear as a witness. The murderess, in a statement Saturday, declared that she and Woods had been engaged to be married for over a year, but that the Hamilton woman by her attentions to Woods won his affections.

BRYAN ARRIVES AT SACRAMENTO AND SECRET CONFERENCE HELD WITH GOVERNOR AND LEGISLATORS

(By Associated Press)

WASHINGTON, April 28.—Representative Simon of Mississippi speaking today in the house in support of the proposed California anti-alien land bill said: "If we must have war or submit to the indignity of dictation by a foreign nation, I am for war. I am with the people of California in their efforts to prevent aliens from acquiring land. I resent the efforts of Japan to force us to submit to her demands."

Bryan in Sacramento.

SACRAMENTO, April 28.—Secretary Bryan arrived here early today to confer with Governor Johnson and the legislature on the anti-alien land bill which the president and state department at Washington takes exception to on the ground that national treaty rights with the Japanese are possibly threatened. The governor and a number of democratic members of the legislature welcomed Bryan, who will be the guest of the governor.

The house, after the arrival of the

governor, announced a call for a joint session, and began at eleven o'clock to hear Bryan's official message. Bryan made this statement: "I am visiting California at the request of the president and with the consent of the legislature to confer on the important matter which, while local in the immediate effect, is international in character. Each state while it is its own guardians in domestic affairs, is a member of the union, and therefore interested in all that concerns the nation's relations with the outside world."

Conference is Secret.

Only Bryan, the governor and members of the legislature were present at the conference which began at 11:45. Bryan denied the report that he was responsible for the decision to make the conference secret. He said: "The consensus of opinion was that the session be secret."

It is expected that the conference will last all afternoon. David Starr Jordan is here at the request of Bryan.

WIFE BEATER IS SENT TO JAIL FOR THREE MONTHS

MIKE JANOVICH DECLARES HE IS UNABLE TO PAY FINE OF \$180.

Although he didn't mean to hurt her, Mike Janovich, arrested last week on a charge of beating his wife, inflicted such injuries that Judge Dunseath in the justice court this morning ordered the defendant to pay a fine of \$180 or spend 90 days in the county jail. Janovich took advantage of the alternative and will be found at home at the county jail for the next three months.

At the time the complaint was lodged against Janovich who conducts the Tropic saloon, the shoulders and back of his wife were covered with a mass of bruises, the result of the terrible beating administered. The defendant informed the court when arraigned that he did not mean to hurt the woman, but his excuse failed to secure his freedom, although he received but half of the maximum penalty for the offense.

Location notices for sale at the Bonanza office.

ANNIVERSARY OF ODD FELLOWS IS OBSERVED

REBEKAHS ENTERTAIN LARGE CROWD AT GARD PARTY, DANCE AND BANQUET.

The 34th anniversary of the birth of the Independent Order of Odd Fellows was celebrated Saturday night by a card party and dance given at the Odd Fellows hall by Desert Queen Rebekah lodge No. 22. The party was well attended and 26 tables participated in a whist tournament, followed by dancing and a banquet.

Prizes as a result of the whist playing were distributed as follows: First prize for ladies, a handsome dress scarf, awarded to Mrs. Hodson. First prize for gentlemen, a smoking set, awarded to Gavin Johnson. Consolation prizes for ladies, small dock of cards, tendered to Mrs. Anna Owens.

Consolation prize for gentlemen, small deck of cards, presented to Gabriel Blewett.

The dancing was enjoyed until midnight when the banquet was served. The party was one of the most successful of its kind ever given in Tonopah and the attendance crowded the hall.

WILL ACCOMPANY REMAINS FATHER TO LOS ANGELES

DAUGHTERS OF LATE DR. A. E. BRUNSON ARRIVE IN TONOPAH THIS MORNING.

Masonic funeral services will be held this evening over the remains of the late Dr. E. A. Brunson who died at Lone Mountain Friday afternoon from acute blood poisoning. Tomorrow morning the body will be placed aboard the south bound train and taken to Los Angeles where the remains will be cremated.

Two daughters of the deceased, Miss Lillian Brunson and Miss May Brunson, arrived this morning from Downey, California, and made arrangements for the shipping of the remains to Los Angeles. The deceased was a member of the Downey lodge of Masons and services will be held both in Tonopah and Los Angeles under the auspices of that organization.

No trouble to get anything in the world with a Bonanza want ad.
